

IMPORTANT

CLAIMS PROCEDURES

There are two very important procedures that **must** be followed in order to process **any** claim.

1. Your agent **must be notified** of any loss within 90 days of the loss. They will notify Diversified Agrisure Company (DAC) who will process your claim.
2. Any repairs made without the authorization of Diversified **will not be paid**.

Following are the specific procedures to be followed when reporting a loss. Please notify **Your Agent** as soon as the claim is discovered. If you have any questions, please call us at Diversified Agrisure Company. Our toll-free number is 1-800-648-8026. Do **not** repair any damage before repair is authorized by Diversified Agrisure Company.

All claim requests must have the following information provided before authorization will be given. We do accept faxes of items 1,2,4 and 5. Photos can be e-mailed to pix@dfsfin.com Faxed photos must also be mailed to us.

1. Sworn Statement in Proof of Loss
2. Repair estimate
3. Photos of any structural damage
4. If Lightning claim, Lightning Affidavit
5. If Theft or Vandalism, Copy of Sheriff's report

Remember, you are responsible for any repairs made without the prior approval of Diversified Agrisure Company.

Note: (Irrigation Equipment Coverage Only)

Losses resulting from collisions with permanent obstacles are not covered unless due to the failure of a properly installed end-of-field stop and then only if policy has been endorsed with RFA 0013 (Mechanical/Electrical Failure Coverage). You are responsible for making sure that the system clears all obstructions and that end-of-fields stops, if required, have been properly installed.
